## MUSD Linked Learning Pathways to College and Career

When students love what they're learning, they work harder, dream bigger, and learn more. Pathways offer students a personally relevant, wholly engaging, academically rigorous and career-based curriculum with real-world professions.

### Four Core Components of Linked Learning

**Rigorous Academics:** CSU and UC approved A-G coursework including College Prep, Honors, and Advanced Placement.

**Real- World Technical Skills:** Challenging career-based component of three or more courses (most A-G approved).

**Work-Based Learning:** Work-based learning opportunities beginning with mentoring and job shadowing and evolving into intensive internships, school-based enterprises, or virtual apprenticeships.

**Personalized Support:** Support services including counseling and supplemental instruction.

### Expectations Contract:

- If at the end of their 9<sup>th</sup> grade year a student has earned less than 40 credits (2 failed classes both semesters), and/or 2 quarters of unsatisfactory behavior, the student will be placed on probation. In addition to having satisfactory behavior, students must pass 5 out of their 6 classes. Of the 5 classes, 4 of them must be core classes; ie. Math, English, Science, Social Science. Students that do not meet these requirements will be put on probation that will begin in their 1<sup>st</sup> semester of 10<sup>th</sup> grade.
- Progress will be reviewed at the end of the 1<sup>st</sup> quarter of 10<sup>th</sup> grade year. A recommendation for either student removal or continuation in the pathway program will be determined at the end of the 1<sup>st</sup> semester (10<sup>th</sup> grade year). At this point, a student may be removed from the program to enable their schedule to facilitate them to earn credit for graduation.
- Satisfactory progress towards completion of graduation requirements will be reviewed at the end of their 10<sup>th</sup> grade year.
- Eligibility for remaining in Pathway Programs is contingent on student's satisfactory progress in both academic and behavioral expectations, as well as satisfactory progress towards meeting the MHS graduation requirements in a timely manner.

### Academic Integrity:

At Montebello High School we believe that the school and home should work in partnership to teach the values of integrity, truth, personal accountability, and respect for the rights of others.
